

# SPECIAL BRED HEIFER SALE

for John Borrowman

**Saturday, January 12, 2013 • 12:30 PM**

**F&T Livestock Market**

**Hwy 24 South • Palmyra, MO**

**121 Angus Heifers**

**35 Red Angus & Red Angus X Heifers**

**12 Blk-wf Heifers**

**2 Charolais X Heifers**

John has been in the heifer development business for many years.

This is an outstanding set of fancy heifers with great disposition coming from one of the leading heifer development programs in the area. These heifers are AI & natural bred due to start calving February 8, 2013. They will be sorted and sold in small uniform lots.

The heifers have been through a complete herd health program receiving all their viral, lepto, vibrio, and pinkeye shots and will receive a scour guard shot prior to the sale.

AI heifers are bred to **Special Focus**, an angus bull with a super calving ease and negative birth weight EPD.

Natural bred heifers are bred to **sons of Special Focus** also with calving ease and low birth weight EPD's.

15 of the Red Angus heifers will be AI bred to **Bieber Real McCoy**, a Red Angus calving ease bull with a low birth weight EPD.

*Sale to be Held at*

**F&T Livestock Market**
