Auctioneer's Comments

Raymond Howard was a life-long truck & automobile mechanic. This is a rare opportunity to see top quality, and in many cases, near new tools all in one location. He had started on a dream project to build a '70's era Chevrolet pickup on a late model chassis, but was not able to get it completed. If you are looking for an interesting project, this may be your best opportunity to get one with a head start. Well maintained, top quality, and due to the nature of this liquidation everything sells absolute! Bring your trailers, cash, a friend, and whatever else you need & come join us for this event!

This Auction Arranged & Conducted by:
