SEATSAVER

An "Apron" For Your Seat

Custom-Patterned Seat Protection For SUVs & Pickups

- Custom fitted, slip-on slip-off protection from everyday abuse
- Seatwear's "lock UV" rays to help protect stock seat fabric or leather
- Heavy-duty, 3ply cotton drill weave fabric - "breathable" so you don't get stuck to the seat
- Washed/dryable for easy home care. When they're dirty just slip them off and into the washer
- All stress seams are overlapped and double-stitched, just like the seams on a good pair of jeans
- No tools required for easy installation and removal
- Most front seat backs include a handy built-in mesh pocket
- Fabric is protected with a DWR (durable water repellency) finish that blocks most "accidents" from reaching the seats.
