CASH FOR TOOLS

Cash for Tools is making its way to Ottumwa for a five day event. This is a rare opportunity for you to sell your tools and get paid on the spot. As a booming economy thrives in the international marketplace, there is a demand for good tools. "We are shipping these tools all over the world," said Tammy Chandler, a spokesperson for the event. "There is a huge demand and as a lot of the workforce leaves the US for jobs overseas, there is a growing demand for good used tools and even old tools."

A few recent transactions were mentioned in a press release:

A woman from Kentucky attended a similar event and brought in some of her late husband's tools and left with a check for \$925.00. Her tools included an array of garden tools, some wrenches, a saw, a toolbox and two drills. Dee McClaine from Centerville, Indiana went to an event and left with a check for \$4,800.00. She had some impact wrenches, a generator and some mechanics tools.

Everyone won't be as excited as John Drew was when he brought in a miling machine, a dyno machine, two tow motors and two power lifts to an event in Centerville, Indiana. "His check of \$118,000.00 was an extreme situation but

those tools are out there and we have people all over the world that will buy them," said Chandler. "A lot of people leave with a check for a few hundred bucks or more. This gives people the opportunity to sell the stuff and get it out of the garage. Communities love us and we are thankful to have had Centerville on the schedule." Chandler also said that she expects to spend into the hundreds of thousands this week in Ottumwa.

World's Top Coin Collectors in Town Next Week to Purchase All Types of Coins!

By KEN MCINTOSH
STAFF WRITER

ICCA will be placing ads in newspapers, radio and running television spots this week asking people to bring in any old silver and gold coins made before 1965. Those that do bring in their coins will be able to speak with collectors one on one and have their coins looked at with an expert set of eyes. With the help of these ICCA members, offers will be made to those that have coins made before 1965. Offers will be made based on silver or gold content and the rarity of the coins. All coins made before 1965 will be examined and purchased including gold coins, silver coins, silver dollars, all types of nickels and pennies. Those that decide to sell their coins will be paid on the spot.

If you are like a lot of people, you might have a few old coins or even a coffee can full lying around. If you have ever wondered what they are worth, now might be your chance to find out and even sell them if you choose. They could be worth a lot according to the International Coin Collectors Association, also known as ICCA. Collectors will pay a fortune for some coins and currency for their collections. If they are rare enough, one coin could be worth over \$100,000 according to Eric Helms coin collector and ICCA member. One ultra rare dime, an 1894S Barber, sold for a record \$1.9 million to a collector in July of 2007. While that is an extreme example, many rare and valuable coins are stashed away in dresser drawers or lock boxes around the country. The ICCA and its collector members have organized a traveling event in search of all types of coins and currency. "Even common coins can be worth a significant amount due to the high price of silver and gold," says Helms. Washington quarters and Roosevelt dimes and worth many times their face value. Recent silver markets have driven the price up on even common coins made of silver. Helms explains, "All half dollars, quarter and dimes made before 1965 contain 90% silver and are sought after any time silver prices rise. Right now it's a sellers market."

The rarest coins these collectors are looking for include \$20, \$10, \$5 and \$2 1/2 gold coins and any coin made before 1850. These coins always bring big premiums according to the ICCA. Silver dollars are also very sought after nowadays.

Other types of items the ICCA will be purchasing during this event include U.S. currency, gold bullion, investment gold, silver bars, silver rounds, proof sets, etc. Even foreign coins are sought after and will be purchased.

Also, at this event anyone can sell their gold jewelry, dental gold or anything made of gold on the spot. Gold is currently trading at over \$1,300.00 per ounce near an all time high. Bring anything you think might be gold and the collectors will examine, test and price it for free. If you decide to sell you will be paid on the spot - it has been an unknown fact that coin dealers have always paid more for jewelry and scrap gold than other jewelers and pawn brokers.

So, whether you have one coin you think might be valuable or a large collection you recently inherited, you can talk to these collectors for free and if your lucky you may have a rarity worth thousands. Either way, there is nothing to lose and it sounds like fun!

For more information on this event visit the ICCA website at: www.internationalcoincollectors.com.
