Spend less time doing what you love. Sorry about that.

Most people don't understand. They look at a pile of wood and see a pile of work. You look at a pile of wood and see the result of an honest day's work. With the E-Classic's efficient design and operation, it requires up to 50% less wood than traditional wood heating. That means your woodpile will last longer. We do apologize for that.

**Nelson Lawncare**  
Lockridge, IA 641-919-3550

All E-Classic outdoor wood furnaces adapt easily to new or existing heating systems. It's important that your outdoor furnace and system be properly sized and installed. See your local dealer for more information. 13-0302
