This isn't rocket science. It's more practical than that.

Rockets are cool, but can they heat your entire home and save you a bunch of money? Central Boiler's engineers are a lot like rocket scientists. They use the latest science and design techniques to manufacture the E-Classic, one of the most technologically-advanced outdoor furnaces ever conceived, and the safe, efficient and affordable way to heat your entire home with wood.

Backyard Depot
2 mi. East of Drakesville, IA
641-722-3641

All E-Classic outdoor wood furnaces adapt easily to new or existing heating systems. It's important that your outdoor furnace and system be properly sized and installed. See your local dealer for more information. 13-0408
