LEAN BURN TECHNOLOGY IS JUST ONE WAY SUZUKI GIVES YOU MORE

You Can Also Get Three More Years Of Product Protection At No Extra Charge When You Buy A New Suzuki Outboard From 25 to 300 HP Between Now and September 30, 2014

You'll find Suzuki's proven Lean Burn Control System on practically every outboard we make from 15 to 300 horsepower. Advanced computer modeling programmed into the onboard control module actually predicts how much fuel you'll need based on operating conditions. By precisely controlling the exact fuel-air ratio, you get more miles - and more fun - from every tank of gas.

In fact, our on-the-water testing has shown enhanced fuel efficiency across

all rpm, and especially at cruising speeds where the engine is used most of the time. But that's not the only way Suzuki gives you more.

Right now, when you buy a new Suzuki outboard from 25 to 300 horsepower, you'll get our 3-Year Extended Protection Plan FREE. Add that to our standard 3-Year Limited Warranty and you get six years of product protection - and save up to \$1690. "Gimme Six" is a limited time offer. It expires September 30, 2014.

See your participating Suzuki Marine dealer for more information or get all the details at www.suzukimarine.com.
