**MAGNAPOWER.™ ALWAYS READY.**

For farm equipment, you need batteries that can handle extreme conditions. Case IH MagnaPower batteries are built to take a pounding. Flame treated for improved strength, and four to six pounds heavier than the competition, these batteries are specifically designed to withstand the vibrations and jolts that can knock the life out of other brands. With hybrid-alloy plates, they last longer than automotive batteries, which saves you time and money. For maximum power under punishing in-the-field conditions, use Case IH MagnaPower batteries.
